

# WHICH IS RIGHT FOR YOU?

*Whether you are just starting your business, holding steady, or expanding your reach, Microsoft® products can help you run your company more effectively.*

**Microsoft Office Accounting Express 2007:**

A free, single-desktop accounting program that helps new and home-based business owners to organize financials, save time managing everyday tasks, and grow their business online.

Available FREE from [www.ideawins.com](http://www.ideawins.com)

**Microsoft Office Accounting Professional 2007:**

A multi-user accounting program for established small businesses that delivers advanced features such as inventory management, multiple currency handling, and support for projects and business processes.

Available through all retailers for \$149 ERP

**Microsoft Small Business Financials:**

An affordable, flexible solution that enables small companies to process transactions more efficiently; gain a complete view of business information; and manage the customer, vendor, and product life cycle in one application.

Available through authorized resellers.

For more information, visit [www.microsoft.com/dynamics](http://www.microsoft.com/dynamics)

**Microsoft Dynamics™ GP Business Essentials:**

An integrated, world-class solution that empowers small and midsize companies to connect information, processes, and reporting capabilities across the entire business.

Available through authorized resellers.

For more information, visit [www.microsoft.com/dynamics](http://www.microsoft.com/dynamics)
